What is this product?

Type	The product is an investment fund in the form of a fonds commun de placement (FCP) pursuant to Part I of the Luxembourg Law of 17 December 2010 on undertakings for collective investment ("Law of 2010") and pursuant to Directive 2009/65/EC of the European Parliament and of the Council of 13 July 2009 on the coordination of laws, regulations and administrative provisions relating to undertakings for collective investment in transferable securities.
Term	The term of the Fund is unlimited, so there is no maturity date. The Fund may be dissolved and liquidated under the specific circumstances set out in the Management Regulations.
Objectives	<p>The sub-fund is actively managed. The objective of the investment policy of the Berenberg Europe ex UK Focus Fund is to achieve a long-term increase in value, taking into account the investment risk as well as socially and environmentally responsible investment criteria. The sub-fund's assets are mainly invested in exchange-traded equities of European issuers excluding the United Kingdom of Great Britain and Northern Ireland. European issuers excluding the United Kingdom of Great Britain and Northern Ireland are those that have their registered office or their principal stock exchange or their business activities (country of risk = Europe excluding the United Kingdom of Great Britain and Northern Ireland) in Europe excluding the United Kingdom of Great Britain and Northern Ireland. Investments are made primarily in standard stocks as well as high-growth smaller and mid-cap stocks. The fund seeks to outperform its benchmark MSCI® Europe ex UK Net TR EUR (M7EUG).</p> <p>This Fund promotes environmental and/or social characteristics under Article 8 of the Disclosure Regulation (Regulation (EU) 2019/2088). The sub-fund may perform derivative trades in order to hedge positions or to increase its returns. The benchmark for the fund is: 100% MSCI Europe ex UK NR (EUR). The benchmark index for the fund is determined by the Manufacturer and may be changed if necessary. The fund does not aim to reproduce the benchmark. The portfolio manager may invest at their own discretion in securities or industries not included in the benchmark in order to capitalise on specific investment opportunities. The investment strategy will restrict the extent to which the portfolio holdings may deviate from the benchmark. This deviation may be material. Income shall remain in the sub-fund (or: in this unit class) and shall increase the value of the shares. This key information document describes a sub-fund of a fund. The Prospectus and the annual and semi-annual report are prepared for the entire fund. The assets and liabilities of each sub-fund are segregated from those of the other sub-funds of the fund. The shareholder has the right to switch his shares in one sub-fund into shares of another sub-fund. For further information about how to exercise that right, please refer to the detailed description in the prospectus. In case of a conversion of the shares from one share class of the sub-fund into another share class of this or another sub-fund no additional charge will be levied. Depositary of the fund is State Street Bank International GmbH, Luxembourg Branch. The prospectus and current reports, the current share prices and further information about the sub-fund or further share classes of the sub-fund can be found free of charge in English language on our homepage https://fondsfinder.universal-investment.com.</p>
Intended retail investor	The fund is designed for investors who are capable of assessing the risks and value of the investment. The investor must be prepared and able to accept significant fluctuations in the value of the shares, and the potential of a significant loss of capital. The assessment of the Manufacturer should not be considered investment advice; instead, it is intended to provide the investor with an initial point of reference for determining whether the fund is appropriate for their investing experience, risk tolerance and investment horizon.

What are the risks and what could I get in return?

Risk indicator

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you. We have classified this product as 5 out of 7, which is a medium high risk class. This rates the potential losses from future performance at a medium high level, and poor market conditions will likely impact our capacity to pay you. Be aware of currency risk. You will receive payments in a different currency, so the final return you will get depend on the exchange rate between the two currencies. This risk is not considered in the indicator shown above. If we are not able to pay you what is owed, you could lose your entire investment.

Performance scenarios

What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted. The unfavourable, moderate and favourable scenarios shown are illustrations using the worst, average, and best performance of Berenberg Europe ex UK Focus Fund F GBF A/ 100% MSCI Europe ex UK NR (EUR) over the last 10 years. Markets could develop very differently in the future.

Recommended holding period: 5 Years

Example Investment: 10,000 GBP

		If you exit after 1 year	If you exit after 5 years
Minimum	There is no minimum guaranteed return. You could lose some or all of your investment.		
Stress	What you might get back after costs	1,841 GBP	1,856 GBP
	Average return each year	-81.59%	-28.59%
Unfavourable	What you might get back after costs	6,762 GBP	7,506 GBP
	Average return each year	-32.38%	-5.58%
Moderate	What you might get back after costs	10,224 GBP	11,848 GBP
	Average return each year	2.24%	3.45%
Favourable	What you might get back after costs	13,810 GBP	16,175 GBP
	Average return each year	38.10%	10.10%

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back. The stress scenario shows what you might get back in extreme market circumstances. The unfavourable scenario was based on an investment between 11/2021 and 01/2024. The moderate scenario was based on an investment between 12/2018 and 12/2023. The favourable scenario was based on an investment between 11/2016 and 11/2021.

What happens if the Manufacturer is unable to pay out?

The failure of the Manufacturer will have no direct impact on your payment, since statutory regulations required that, if the Manufacturer becomes insolvent, the fund does not become part of the insolvency assets, but rather remains separate.

What are the costs?

The person selling you this product or advising you on it may charge you other costs. If this is the case, this person will inform you of these costs (also free of charge in paper form) and explain how these costs will affect your investment.

Cost over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods. We have assumed:

- In the first year you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario.
- 10,000 GBP is invested.

	If you exit after 1 year	If you exit after 5 years
Total costs	129 GBP	691 GBP
Annual cost impact (*)	1.3%	1.3%

(*) This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 4.7% before costs and 3.4% after costs.

How long should I hold it and can I take my money out early?

Recommended holding period: 5 Years

This product does not have a mandatory holding period. The recommended holding period is based either on historical data or the Manufacturer's estimate regarding the average fluctuation in the unit value, which is to be expected for this product. If you, as an investor, have a shorter investment horizon, the risk is on average higher than at the time of redemption, the unit value of the product will be lower than when you invested. There are no redemption costs or fees. However, you may return the product in accordance with the procedures indicated in the Sales Prospectus.
